Well, uh.. Give me literally any character and I might do it, but I have permission to decline your request..

NO LEMONS.

If you like lemons you should not be here. Shoo! -Shoos away.-
Anyways, as I was saying.. Start the requests!

Ravenpaw x Reader x Barley, The chosen ones

The love triangle.. Also sorry for any spelling mistakes. I'm really tired..

(Y/L/N) Your loner name

(FA/C) Favorite color
(F/L) Fur length

Enjoy!

You woke up, the sun defeating the darkness and making its way into the barn and hitting your pelt, warming you up. You rose to your paws, stretching. You looked around, only seeing your two best friends, Barley and Ravenpaw.

"Morning (Y/L/N)." Barley greeted, beginning to stretch.

"Good morning." You exclaimed, smiling.

You heard Ravenpaw let out a low grunt before he quickly rose to his paws, a small amount of jealousy in his eyes.

"(Y/L/N)! Did you sleep good?" Ravenpaw meowed happily, his jealousy well hidden.

"Mhm.. Did you?" You asked Ravenpaw, seeing Barley roll his eyes at the corner of your eye.

"Don't worry about me." Ravenpaw assured you. "I never get bad dreams, and if I did I would tell you."

You nodded, though you knew he was probably lying.

"...."

"Sooooo.... You want to go hunting with me?" Barley offered, breaking the silence. "It'll be fun!"

"Sure.." You accepted. You saw Ravenpaw's eyes turn into slits before quickly going back to normal

"Can I come too? Pretty please?" Ravenpaw begged.

"Sorry, n-"

"Of course! The more the merrier!" You said, cutting off the rest of Barley's sentence.

Ravenpaw smirked at Barley, Barley's eye now slits. As you left the barn you saw Ravenpaw and Barley send each other some warning glances, but you shrugged it off.

:/! Timeskip !\:

You were padding back from your hunt, you caught a vole, three mice, a rabbit, and a squrriel. You felt proud, since you caught two mice and a rabbit, the Toms caught the rest.

You began to feel a pelt rub against yours, making you flinch as you heard a purr.

"(Y/L/N).." Ravenpaw whispered into your ear. "Be my m- ***GAH!***" Ravenpaw yowled, Barley dragging him back by his tail. Ravenpaw fought back, kicking Barley away with his hind legs, quickly getting up and clawing Barley's neck.

"G-Guys! Stop fighting.." You commanded.

"I'll never stop until this mate stealer dies!" Barley yowled, kicking Ravenpaw's chest.

"But I love you both!" You confessed, the two Toms stopping their fight, tears now streaming down your face (Cats can't cry, you say? Well, too bad.. They can now.)

"...."

"We love you, too, (Y/L/N).." Barley assured you.

"I'm glad I didn't have to kill you, Barley.." Ravenpaw confessed. Barley nodded in agreement.

I got lazy at the end.. Sowwy D:! Well.. Baiii!

You rubbed against Redtail's soft fur, you were as plump as a Kittypet after a meal.. You were expecting kits.

"I can't wait to see our kits.." Redtail exclaimed.

"Spottedleaf said we've got to wait another three moons." You pointed out.

"Yeah, I know.. I just can't wait.." Redtail chuckled, his voice lowering a bit. "We should call one (C/N) or (C/N)."

You grinned "I was thinking (C/N..)"

Redtail grinned. "Oh yeah?" He challenged playfully.

"You know I can't play.. I don't want to hurt our kits.." You rolled your eyes, grinning.

"You're no fun." Redtail pouted.

"Heh, I know." You chuckled

"All cats old enough to catch their own prey gather around Highrock for a clan meeting!" Bluestar yowled as cats began to gather around.

You sat down next to Redtail, giving him a quick lick before turning you gaze up to Bluestar.

"Our old deputy has gone hunting with Starclan, and now it's time for me to choose a new deputy." Bluestar stated. (I know, not the right call)

You saw Redtail's ear twitch, eagerness now filling up his gaze as he puffed his chest out proudly.

"I say these words before Starclan so they may hear and approve my choice.." Bluestar called, glancing at the crowd. "Redtail will be the new deputy of Thunderclan!"

"I'll do the best to serve my clan.." Redtail vowed

"Clan dismissed." Bluestar exclaimed as she least off Highrock.

"Congratulations, Redtail!" You congratulated, though he couldn't hear you through the crowd of cats.

You stared at the exit, you wanted to hunt ever since you became a queen.. And a bit of hunting wouldn't hurt.. You looked both ways before slipping out of camp.

"Finally.." You sighed, looking around for anything suspicious, nothing.

".."

You saw a cat walk out of the bushes, Brokenstar.

"We came here for kits... But this is better." Brokenstar chuckled.

"We?" You echoed just before about four other cats padded out of the bushes.

"Oh." You meowed, folding your ears back.

"Listen, you're coming with us.. Is that clear?" Brokenstar commanded, a sinful look in his eyes.

You thought about it, if you disagreed you'd be killed or get seriously wounded.. But if you did go you'd be forced to have more kits, but have a chance of being saved.

"..." You nodded.

"Good." Brokenstar smirked. "Guard her, she's not escaping." Brokenstar commanded before the four cats made a small circle around you.

You stopped for a moment, seeing looking back in the direction of camp just before a cat nudged you, forcing you to keep moving.

!/: Timeskip :\!

You arrived at Shadowclan camp, Kits and queens from all the different clans taken as prisoners.. It hurt your heart.

You were forced into the nursery along with some kits you didn't know.

Two moons later

You were supposed to have your kits in one moon, you didn't want them to be born here, though..

It was night and you were about to fall asleep until yowls were heard across camp.

You stayed inside the Nursery until Redtail came into the Nursery, worry in his eyes.

"Redtail!" You called before Brokenstar pinned him down, about to bite him.

You hesitated, but pushed your whole body into Brokenstar's, sending you both flying. Brokenstar quickly got up, when he

realized it was you who pushed him he quickly got up, gripped onto your scruff and held a claw up to your neck.

"Hey Red, want your mate back don't you." He chuckled as Redtail glared. "She's all safe, you're happy! Yay! But if you do anything stupid.. It'll make me mad.. And I might be clumsy and ***Claw Her Head Off.***" Brokenstar warned.

Redtail stared at Brokenstar and you. You were nodding, telling him to do it at the cost of your life, but Redtail hesitated.

"... What do you want?" Redtail grunted.

"Want?" Brokenstar echoed. "I *need* something.. I need more warriors."

Redtail's eyes widened, you were now shaking your head no.

"Join Shadowclan, and I'll let her live." Brokenstar said.

Redtail's P.O.V

What should I do? I don't want her to die.. Starclan help me..

"...."

"Hurry up." Brokenstar snapped.

Wow, Graypaw to the rescue.. Either Brokenstar can't smell, is stupid, or both.

Your P.O.V

Brokenstar's claw inched closer just before Graypaw leaped onto Brokenstar's back, making him yowl. He quickly clawed your side, creating a deep wound before letting you go.

Redtail gasped as he ran over to you before you went uncousious.

"... Wh-What.. Happened.." You mumbled as you woke up in the medicine den.

"Nothing important.. Just a wound.. And kits." Redtail exclaimed.

You looked down to see two kits, One was (F/C) with (F/L) fur, the (C/G) had Redtail's tail and a white leg and eyespot.. You decided to name the (C/G).. (C/N). The other kit was a (C/G), It was pure white with a (F/C) tail, (F/C) paws, and Red ears and a Red neck.. That one was named (C/N).

".. I love you, (Y/W/N).." Redtail whispered.

"I love you, too." You replied, touching his nose with yours.

You yawned, stretching your legs and standing up. You were a Windclan tom with a (F/C) with (M/C) Markings.

"All cats old enough to run through the moors gather around Tallrock for a clan meeting!" Your leader, Tallstar, yowled as cats began to gather around.

You sat on the edge of the second row, sitting next to your best friend (C/N).

"Tonight there shall be a gathering, and I must bring along some cats to accompany the four clans at the gathering." Tallstar stated loudly. "(C/N), Onewhisker, and (Y/N)."

Your ear twitched, you didn't think you'd go to the gathering.

"All cats I just named follow my lead to Fourtrees." Tallstar commanded, leaping off Tallrock.

You followed Tallstar as he padded out of camp, your tail swirling back and forth as you followed him. The sunset hitting your fur as

you padded across the moors, the occasional tree protecting your pelt from the sunlight.

When you arrived at Fourtrees you could see the other three clans, grunting at the sight.

Timeskip

You were back in camp, Tallstar had called a meeting.

"Thunderclan has called war upon us. We will plan an attack in the morning. I am trusting all of our apprentices to stayhere and watch over the camp." Tallstar yowled. "Clan dismissed."

You padded over to the side of camp, yawning as you laid down. You closed your eyes and fell asleep.

.....

You woke up, stretching out your whole body. Tallstar was beginning to tell everyone to get ready, so you decided to eat quickly. You chose a plump rabbit from the freshkill pile, swiftly taking bites and gulping it down.

The rabbit was now gone, and you were full. You were leaving camp along with the warriors of Windclan, heading over to Thunderclan. You entered Thunderclan territory, scrunching up your nose at the new smell.. Tallstar somehow knew his way around Thunderclan territory.

"Windclan, attack!" Tallstar yowled, Windclan warriors now scattering all over Thunderclan camp.

You attacked Lionheart, sending him flying into the forest. You then began to attack Bluestar, yowling.

"... (Y/K/N)?" Bluestar whispered, staring at you as she pinned you down.

Flashback

"Yay, I win!" Bluekit exclaimed happily.

"Aw.. You always win!" You pouted.

"Because I practice, mousebrain!" Bluekit teased

"Then lets re-" You were cut off by the sounds of yowls.

"Windclan is attacking!" Goldenflower yowled to Bluekit and (Y/K/N).

You were about to follow after Bluekit before a Windclan cat grabbed you by the scruff, Goldenflower and Bluekit sending mournful yowls as you were taken away.

All you wished was to see the love of your life one more time. Just once. But you never did.

End of Flashback

"Bluekit.." You whispered.

"Heh, sorry.." Bluestar chuckled, unpinning you. "Also, you should call me Bluestar.. And I should call you (Y/W/N).."

"Windclan retreat!" Tallstar yowled.

"Well.. I guess I should go now.." You sighed.

"Heh.. See you at the gathering in a couple of moons.." Bluestar meowed.

"Mhm.. Bye.." You gave her a fake smile before joining your clan.

Crowfeather x Reader

I honestly hate Crowfeather, but okay. Requested by CindyMic9.. Also, wasn't it just yesterday I was talking about Four hundred views.. And now I almost have 700 views.. Holy crap.. Also, I'm going camping Sunday to Wensday, just saying.. Enjoy!

You woke up, your best friend Crowpaw next to you.

"Crowpaw! Wake up!"

"..."

"Crowpaw, stop it!"

"..."

"This isn't funny!"

"...."

"He's gone hunting with Starclan.."

"No! He can't be dead!"

"...."

You let out a mournful cry as Tallstar comforted you.

End of Flashback

"I'm.. I'm going to go see our Ancestors.." You whispered to Tallstar, you were attacked by (Choose animal), and your wounds were too deep to heal.. It was your time to go.

"No.. Please.." Tallstar whimpered

"Heh.. I love you.. Dad.." You whispered as your body went limp, your eyes fading into a gray color.

"(Y/W/N)." Crowfeather called as your spirit raised. "Follow me to Starclan."

"Heh.. I though I would never see you again.." You exclaimed as you followed Crowfeather.

"Ha.. I was waiting for you.. My heart felt empty, until now that is." Crowfeather chuckled.

"Well, what do we do in Starclan?" You asked out of curiosity.

"I guess we choose cats perfect enough for prophecies, like how they chose me before." Crowfeather responded. "We also watch over the new generation, deciding whether they should continue their life when they get hurt.. Or if they need to come join Starclan."

"Sounds interesting.. But what if I'm not good enough for any of that?" You asked, worry filling your eyes.

"You get sent to Darkforest." Crowfeather joked. "Just kidding, its like being an apprentice again."

You let out a sigh of relief, Crowfeather letting out a chuckle.

"I bet you'll have a welcome party.. With all you can eat Freshkill." Crowfeather stated, his eyes sparkling at the word 'prey.'

"Is prey unlimited in Starclan?" You asked.

"Well, not really.. I guess we don't need to eat since we're dead..." Crowfeather chuckled "I mean, we can eat if we want.. But we also send the life of prey down to the clans.. But we just eat for fun, I guess.. Oh look, we're here!" Crowfeather exclaimed as you entered a cloudy, fluffy place with tons of cats, most a little bit faded, some a bit more then others.. You saw so much familiar faces, your family was here, too, except Tallstar, of course.

" (C/N), Is that you? (C/N), haven't seen you since the flood.. Hi mom! You look more pretty then ever!" You complimented as your family welcomed you into Starclan.

Timeskip

You nudged Crowfeather almost knocking him over. He puffed out his cheeks in anger as you giggled.

"Crowfeather, can we have mates in Starclan?" You asked

"I guess.. Why?" Crowfeather responded.

"Because I want you to be my mate." You smirked, his fur heating up.

"I can't say no to you, (Y/W/N)."

Sorry its no short, I'm just really tired D;

"***(Name)***!" You heard a sweet voice call "Over here!" You turned your soft gaze over to the voice, seeing your best friends; Princess and Smudge.

"Hello!" You greeted, the bell on your collar jingling everytime you stepped closer to your friends "Anything big happening?"

"Nope, same as usual." Smudge reported.

"Mhm." Princess hummed, agreeing with Smudge.

"Ah.. Just another spring day." You purred, a warm breeze passing you.

"Yeah.." Smudge sighed

"Does anyone know when Rust-I mean, Firestar will visit?" You asked curiously.

"Last time he came he said he'd be back in four moons, which is today." Princess answered.

"So.. What will we do until then? Wait?" Smudge meowed.

You were about to talk, but then a orange tom leaped out of the bushes, a Brownish creamish tom following him.

"Waiting is over." Firestar chuckled, mocking Smudge.

"Hi Firestar and... Um.." Princess didn't finish.

"Brambleclaw." The other tom meowed, unamused.

"Brambleclaw." Princess echoed.

"I trusted Brambleclaw to come with me.. And tell nobody." Firestar confessed, Brambleclaw nodding in agreement.

I woke up, a long yawn escaping my mouth as I padded over to my food dish, it was already filled up. I ate a couple, I wasn't very hungry today. My housefolk, *(Choose name)*, opened the door for me, giving me a quick pat on the head as I stepped outside.

My paws felt the smooth wood of the porch just before a slight breeze tugged onto my pelt, giving in and flying away.

I stepped down from the porch, my collar jingling. I looked over to see that Smudge wasn't up yet, neither was Princess. *Oh well, I can wait.*

As I padded closer to the area I sit with Smudge and Princess I heard the bushes closest to me rustle, my instincts told me to run, but I stayed.

"Psst! *(Name)*, over here!"

"Why?" You snarled, "you are a stranger!"

"No, I'm not." The stranger in the bush meowed, "It's me, Brambleclaw." The stranger said once more, poking out his head to reveal who he said he was, Brambleclaw.

"Oh." You sighed, "why are you here? You should be at Thunderclan."

"... I left.." Brambleclaw sighed, "well, I didn't leave.. I was exiled

for something I didn't do.. Firestar did it."

As much as I hated it, I lied to (Name).. I didn't want her to fall for Firestar! What I did, you ask? I don't want to talk about it.

"Oh.. Why have you come here?" *(Name)* asked, her head tilted to the side just a tiny bit.

"I would like to become a fellow Kittypet.. Or housepet." I answered.

"Oh! My housefolk will probably accept you!" She meowed. "Come on, this way!" She ran over to her twoleg house, swiftly climbing up the wooden steps.

Wow, she's fast for a Kittypet, I thought, watching her call my name as I calmly padded over to the Twoleg nest.

"Just let out mournful meows." *(Name)* demanded. Now, I wouldn't listen to her if she wasn't the love of my life, so I did as she said.

I let out a sad meow, quickly getting her twoleg's attention. The twoleg swung the door open picked us both up and went inside.

I sat with Brambleclaw, Smudge, and Princess, waiting for Firestar's arrival. Brambleclaw had a new name-Rex, but we still call him Brambleclaw.

"Hello Smudge, Princess, *(Name)*, Brambleclaw." He then glared at Brambleclaw, "Brambleclaw! Why are you here?"

"I was exiled, I shouldn't be at camp, right?" Brambleclaw stated the obvious, rolling his eyes.

"Um.." You hummed, trying to get the tom's attention.

"*(Name)*, Smudge, and Princess! Step away from that murderer!" Firestar commanded.

"Murderer?" All three of us echoed, looking at Brambleclaw.

"He killed two kits-Leafkit and Squrrielkit, one elder-Frostfur, two of our warriors-Longtail, Sorreltail, and injured my mate-Sandstorm." Firestar snapped, worry in his eyes.

"Well, too late to step away now." Brambleclaw sighed, pinning down Princess and I, leaving Smudge and Firestar yowling.

"Brambleclaw..?" I whimpered, as he glared at Firestar.

"What do you want?" Firestar whispered, ears flattened.

"Let *m*e take away *your* last life." Brambleclaw commanded.

"Firestar, no!" Princess yowled, making Brambleclaw unsheath his claws, making both of us yelp.

".. Then you'll let them go." Firestar grunted, leaving Brambleclaw nodding, "Fine."

Brambleclaw unpinned the two of us, leaping on Firestar. You quickly rammed your body into Brambleclaw's, pushing him off.

"Firestar, run!" You yowled, he quickly got the two other kittypets and fled.

Brambleclaw got up, glaring at me. *Why did I just do that?*

"*(Name)*, *(Name), (Name)*." Brambleclaw echoed, "You shouldn't have done that.. Lets make a deal.. You come with me and be my mate.. And I leave everyone alone."

You stared at him, worry in your eyes as he glared down at you. You quickly shook your head, not wanting to go live with a physcopath.

"Fine then." He quickly licked your cheek, making your eyes widen, "I'm doing this for you.. Please be my mate?"

You thought for a moment, before making your decision.

"No more killing?" You asked, Brambleclaw nodded, "then.. Yes.. I've seen the side of you I like, the one when Firestar is not here.. I know you have a soft heart.. So, please don't change that.."

Brambleclaw nodded, licking you again.

"Everyone may judge you for killing.. But I'll judge you for who you are now." You vowed.

Firestar x Medicine cat!Reader

You were a Thunderclan cat named (Name). You have had your eyes on the orange tom known as 'Firestar,' and you noticed he took glances at you, too. *But Sandstorm is his mate.. Besides, medicine cats can't have kits!* You thought quickly, sighing.

"(Name.)" A familiar voice echoed through your den. You turned your gaze to see Firestar, "do you have any spare time?"

"I guess.. Why..?"

"I just want to talk to you.."

"How about in your den after the evening patrol comes back?"

"Sounds good to me."

Firestar padded out of the den, leaving you sighing. You laid down in a Nest, your head on your paws as you thought about the orange tom.

"(Name?)" You were pushed out of your thoughts as your apprentice, (Choose name,) entered the den.

"Mhm?"

"Brightheart's having her kits.. And not to mention Thunderclan just found out Riverclan is trying to take Sunningrocks from us!" Your apprentice snarled.

You let out a long breath of air, showing signs of stress, "alright.. Get herbs ready for when they come back and I'll help Brightheart." (Choose name) nodded, rushing over to the herb pile and collecting as much Cobwebs, Dock, Marigold, and Horsetail as she could.

You got two sticks for Brightheart to chew on, the extra one just Incase the first one snaps, Juniper berries to help her with breathing, and Borage leaves to give Brightheart enough milk for

her kits.

As soon as you rushed out of your den the sounds of yowls and groans sounded across the camp, getting louder and louder as you rushed to the Nursery.

"Brightheart, bite this stick." You demanded, putting the stick down infront of her, she took it without hesitating, "now, push!"

As she pushed her first kit came out. You licked it clean then nudged it over to Brightheart's stomach as she continued to push.

Another kit came out. You did the same with the first kit, licking it clean then nudging it towards Brightheart's stomach.

Finally, the last one came out.

"Brightheart, you have three healthy kits!" You exclaimed before pushing Borage leaves and Juniper berries towards her. She had the juniper berries first, then the Borage leaves. The bitter taste making her face scrunch up.

"What would you like to name them?" You asked.

"I think this white one," She signaled her tail over to the pure white kit, "will be named Snowkit."

"Snowkit.. A wonderful name." You complimented.

She smiled before continuing, "then this one," Her tail moved a bit, pointing at the Brown and white kit, "will be named Dewkit."

"And the last one?" You asked.

Her tail signaled to the last kit, "Amberkit."

"Dewkit, Amberkit, and Snowkit." You smiked, "Cloudtail will be thrilled to see his kits." You chuckled, getting cut off by the steps of cats coming into camp, "speaking of..."

You padded out of the nursery to see Cloudtail already at the enterence, a deep wound on his cheek, and a small cut on his leg.

"(Choose name) told me Brightheart had her kits.. May I see them?" Cloudtail asked, worry filling his gaze.

"You don't need to ask.. They're your kits." You replied. Cloudtail nodded you a thanks before rushing in.

You padded into the medicine den to see (Choose name) rushing around, trying to heal everyone at once.

The cats in there were either cut really badly or just complaining that the cut on their body was hurting more then anyone else's.. The most injured was probably Longtail, he had a deep wound over his eye, a huge wound going across the left side of his body, and the tip of his tail was missing.. So you quickly treated him, chewing Marigold, dock, and Horsetail into a poultice on his wounds, placing cobwebs over them and giving him poppy seeds, forcing him to sleep.

Timeskip

You looked outside, the evening patrol had just came back, getting freshkill, eating it quickly, then padding into the warrior's den. Everyone was now in the dens, accept Firestar, signaling his tail to come to him... You hesitated but followed after him into his den.

"(Name..) why are you so charming?" He chuckled, making your eyes widen.

"W-What?" You stuttered, making Firestar let out a *mrrow* of amusement.

"You know what I mean." He stated. If cats could blush you'd be putting Redtail's tail to shame, "please.. Be my mate."

"But.. I'm a medicine cat.. And Sandstorm.. What about the clan..?" I can't ha-" Firestar put a paw up to your mouth.

"Sandstorm and the clan don't need to know." He whispered, "so, I will say it again.. Will you be my mate..?"

You felt your heart pound out of your chest, it was like the tempature raised.. You didn't feel right keeping secrets from your

clan, but the desperation in Firestar's eyes gave you a decision.

"... Why not, you crazy furball."

Sorry for slow updates! Also, I'll probably only make about three or more chapters until I complete it.. Thanks for reading, bye!

Now, on with the story! Requested by; qazelle

You crouched down low, your eyes glued onto a mouse cleaning it's ears. You pounced over to the mouse, but missed miserably. The mouse scurried away. Hollyleaf let out a ***mrrow*** of amusement as you puffed out your cheeks angrily.

"You're a warrior that can't catch a mouse? Pffft!" Hollyleaf snorted.

"Haha, very funny." You growled, "Why did we have to go on a patrol together. It could've just been me and Ashfur."

For a split second you saw a glint of anger shine through Hollyleaf's green eyes, but it disappeared.

"I dunno, I don't do the patrols around here." Hollyleaf chuckled.

"Hmph, anyways, we're supposed to be around Sunningrocks, but we're closer to Fourtrees, we should go," you stated, "Ashfur should be at Sunningrocks."

"I'll go now, how about you go chase some more mice." Hollyleaf snickered, sprinting away.

"Hmph, fine."

You sniffed the air, quickly crouching down low when you caught the scent of a dove up in the trees, more then one. You looked up to see a family of doves, the She and three kits (I know that bird's

aren't called kits and She's, but just go with it!) You quickly leaped up into the tree, your jaw snatching onto the Females left wing. You then pinned it down, sinking your claws into the bird and killing it. You then turned to the kits, chirping loudly, you pinned two of the kits to the ground and unsheathed your claws, their bodies now limp. You turned to the last kit, who had just flew away.

"Mm Ashfur will be happy, then he will fall for me.. Then we can have kits!" You squealed.

You began to daydream about Ashfur confessing to you, licking you, sleeping next to you, everything a *perfect* mate does.

"Shut up, brain!" You thought, facepawing yourself.

You picked up the three birds, leaping off the tree and padding in the direction Sunningrocks was. The breeze passed you, making you let out a purr as it cooled you down.

When you arrived at Sunningrocks you saw the most disturbing scene of all time, Hollyleaf throwing Ashfur into the river.

"She's *mine!* You can't take her away from me!" Hollyleaf yowled, watching Ashfur plunge into the river and go downstream.

"H-Hollyle-leaf?" You stuttered, making him turn around, eyes wide.

"I swear it isn't what it looks like.." Hollyleaf assured you.

"Murderer! Why did you do it?" You snarled, dropping the She dove and the two kits onto the grass, making a quiet sound

"..."

"I did it so ***I*** could have ***You.***" He stated, making your eyes widen, "You were falling for him, but I love you so much, I didn't want to lose you.."

"But.. You were always teasing me.. Being rude.." You stopped, letting Hollyleaf speak.

"I didn't want it to be *that* obvious. Lionblaze and Jayfeather would

always tease me about it, then Jayfeather told me that you said that you loved Ashfur.." He stopped for a moment before continuing, "That's when I grew angry.. And when we were sent on a patrol together.. I took the time to drown Ashfur.. And I would hope you wouldn't see it, because you'd know how I truly felt, but I would tell you the whole story in about two moons, then ask you to be my mate.."

"I.. I don't know what to say.." You stuttered.

"Well, uh.. Not now because well, you saw it, and now you'll tell everyone.." Hollyleaf mumbled just loud enough for us to hear.

"Before I leave.. Just know that I love you.." Hollyleaf confessed before padding away.

".."

"Wait." You commanded, making Hollyleaf stop.

"What?"

"I want to come with you.."

His eyes widened, a big, toothy, grin appearing on his face. "Then come on, I know a place!"

You ran after him as you crossed the Windclan border, the new smells invading your nose, defeating Thunderclan smell and replacing it with Windclan smell.

He then stopped at the Windclan tunnels.

"She-cats first." He chuckled.

What a gentletom! You thought as you padded in, being followed by Hollyleaf. He then got next to you and asked you to follow, and you accepted, sprinting after him as he guided you through the tunnels.

"Here we are!" He stated, stopping. It was an area with two mossbeds and a small freshkill pile with a mouse, pigeon, and squrriel.

You were impressed at what he had done. You let out a purr of approval as he smiled in glee.

Twelve moons later.

Your two kits played *Warrior and mouse* as you and Hollyleaf watched in amusement, letting out an occasional ***mrrow.***

Both of your kits were Toms, there was (Name), who looked mostly like you but with green eyes, then there was (Name), he looked like Hollyleaf but with (Fur color) stripes and tail, he also had (Eye color) eyes.

Hollyleaf's eyes glistened as he watched the kits, making you let out a low chuckle as he puffed out his cheeks playfully. You touched his nose with yours, making his eyes widen as you let out a ***mrrow*** of amusement.

Here's my story;
I was about four at the time, and I was coming back from the dentist. I was listening to the music when the song 'I'm sexy and I know it' came on, and my mom didn't realize. After a while I asked "What does 'Sexy' mean?" and my mother literally changed the song and didn't reply.

I'm not so good with this q.q

Remaking

I've made a Remake of this old, old story and requests are open. Go check it out on my profile, and if you truly liked this story then go follow me if you haven't already! Bye!

Read

I made a new Warriors x Reader..

OH MY

Well. This is awkward.

After like, I dunno, 1 or 2 years I believe, I'm back. I might be continuing this? It's just so old and gross.

Please stop reading it.

Oh, also, if you'd like me to make a new and improved version, just casually tell me.

Ravenpaw x App!Reader

You know the drill:
Y/N = Your name
F/C = Fur color
Y/M = Your Mentor
(You are a thunderclan apprentice at the time Bluestar was the leader)

———

Loners. A type of cat that you had been taught to hate. You thought this would never change, but you were super wrong.

"Y/N!" Y/M flicked their ears "Pay attention!"

You snapped back to reality, whipping around to face Y/M.

"S-sorry!" You stuttered.

Y/M let out a low scoff. "Just don't let it happen again." Y/M took a sigh before continuing "As I was saying, I want you to go out and catch any piece of prey."

You nodded and stalked away, brushing against the twigs. You traveled until you caught the scent of a squirrel. You glanced in the direction of the prey hungrily, but the hunger soon faded when you remembered that eating that squirrel would result in you breaking the warrior code.

You took a few steps in the indirection of the scent before crouching down low. You got down low, *"Good,"* you thought. You crept closer, *"yes, good.."*
